- provides a world class education to children from age 3 to 15
- offers students the official German grade 10 graduation certificate
- offers welcome classes with intensive German language training
- offers an international education programme with particular emphasis on the German language and culture
- provides lessons in German and English by native speakers
- qualifies students for further studies at an International or a German High School
- teaches students according to German and Cambridge Curricula
- offers tuition and classes in small groups
- offers a comprehensive learning programme and a wide range of extra-curricular activities
- offers supervision and mentoring from 7.30am to 4pm
- was awarded the quality standard as a “German School of Excellency Abroad” in 2016 by the President of the Federal Republic of Germany
- received a special commendation for outstanding pedagogic achievements in 2019 by the Central Office for German Schools Abroad

### Teaching Staff

We have an international team of teaching staff representing Germany, Switzerland, Ghana and the United Kingdom. Our teachers are fully qualified and hold internationally recognised teaching degrees and qualifications.

### School Association and School Board

Parents and staff make up the GSIS Association creating a collaborative culture within the school. Parents, in particular hold a special position in leading the development of school policies, school improvement plans, setting the formulation of school objectives, priorities and values. Parents also elect the school board of five members, which hold monthly meetings with representatives from the German Embassy. All major policy decisions regarding the school and the Association are taken at an annual General Assembly meeting open to every parent at the school.
